Research Scholarship Sponsor: Mahachulalongkornrajavidyalaya University

ABSTRACT

This research aims at studying the academic Achievements and the factors affecting the academic achievements of the students of Mahachulalongkornrajavidyalaya University, Ubonratchathani Campus. Students were classified according to the types of branch and years in which they were studying. It was found that the educational achievements of subjects on “Man and Society”, and “Language and Communication” were rated very good. Which was in accordance with the set criteria while the subjects “Basic Philosophy” and “Thai Cultures” was rated good. However from studying the leading, supporting and reinforcing factors, it was found that all the factors can cause the academic achievements of the students in good level, and therefore it is appropriate to develop more academic achievements by supporting the mentioned factors.
